Progressively replaces lost collagen to create a more natural look that can last up to 2 years (1,2)

- Sculptra<sup>®</sup>Aesthetic is not for use in the lips
- Sculptra<sup>®</sup>Aesthetic is not recommended for use around the eyes
- Safety and effectiveness of Sculptra<sup>®</sup>Aesthetic has not been evaluated in areas other than nasolabial wrinkles (smile lines) and folds in clinical trials.

Ask your physician if Sculptra<sup>®</sup>Aesthetic is right for you and visit our website at [SculptraAesthetic.com](http://SculptraAesthetic.com)

### Important Safety Information

You should not use Sculptra<sup>®</sup>Aesthetic if you are allergic to any ingredient of the product or have a history of keloid formation or hypertrophic scarring. It should not be injected while you have an active skin infection or inflammation in the treatment area and should not be injected into the red area of the lip. Use in the skin near the eyes is not recommended.

Side effects may include injection site discomfort, redness, bruising, bleeding, itching and swelling. Other side effects may include small lumps under the skin that are sometimes noticeable when pressing on the treated area. Larger lumps, some with delayed onset with or without inflammation or skin discoloration, have also been reported. In the clinical studies the numbers of small and larger lumps were low and most resolved without treatment.

### Indication

Sculptra<sup>®</sup>Aesthetic is intended for use in people with healthy immune systems as one-time treatment regimen of up to 4 injection sessions that are scheduled about 3 weeks apart for correction of shallow to deep nasolabial fold contour deficiencies and other facial wrinkles in which deep dermal grid pattern (cross-hatch) injection techniques is appropriate. Sculptra<sup>®</sup>Aesthetic may provide cosmetic correction of facial wrinkles with a Wrinkle Assessment Score of 2, 3, or 4 as shown in the photos (Figure 2) of the full Prescribing Information.

Please see full prescribing information available from your physician.
